Proper Procedure for Sending Checks for Claims Processing Errors

The purpose of this memorandum is to remind all Virginia Medicaid providers not to send checks directly to DMAS when trying to refund the agency for claims processing errors.

Providers are required to void and/or adjust their claims through the Virginia Medicaid Management Information System (VaMMIS) when they are associated with claims processing errors. Providers should refer to Chapter V of the Medicaid Manual for assistance in processing these types of transactions. If providers need further assistance, providers can also call the HELPLINE about how to process adjustments.

Once processed, adjustments or voids will be reflected on the next DMAS remittance advice, and any remaining payments will be adjusted accordingly. This process is designed to ensure provider claims are updated in a timely and accurate manner. All money paid by or submitted to DMAS must be associated with a corresponding claim. Failure to do so will result in inaccurate accounting and the potential for future adjustments and retractions once identified.

ELIGIBILITY AND CLAIMS STATUS INFORMATION

DMAS offers a web-based Internet option (ARS) to access information regarding Medicaid or FAMIS eligibility, claims status, check status, service limits, prior authorization, and pharmacy prescriber identification. The website address to use to enroll for access to this system is <http://virginia.fhsc.com>. The MediCall voice response system will provide the same information and can be accessed by calling 1-800-884-9730 or 1-800-772-9996. Both options are available at no cost to the provider.
